ZEON ROLLER COVERINGS

We are a manufacturer exporter of roller covering, used in textile industry on weaving, processing & finishing machines. We offer an exhaustive range of roller coverings made out of synthetic rubbers, silicones, natural rubber, cork filled rubber, epdm, neoprene, pvc, polyurethane, mohair, plush, felt etc. We maintain a ready stock of more than 96 types for shortest delivery periods. Zeon roller coverings are supplied in standard length of 100 meters in various widths of 38mm, 50mm, 100mm etc. Special lengths & widths can also be supplied on request.

EXPLANATION OF CODES

SR	Synthetic Rubber
NR	Natural Rubber
CK	Cork Filled Rubber
SI	Silicone Rubber
BSR	Blended Synthetic Rubber
PV	PVC
TPU	Polyurethane
NE	Neoprene
EP	EPDM
PL	Plush
MH	Mohair
FT	Felt

H	High Heat Resisting
S	Sponge Rubber
T_H	Thickness
°C	Max. Working Temperature
–	Not Resistant To Oil And Fats
+	Little Oil and Fat Resistance
++	Excellent Oil and Fat Resistance
□	Abrasion Resistant
⊡	Good Abrasion Resistant
■	Excellent Abrasion Resistant
Ω	Anti-static
ADH	Self Adhesive

ZEON ADVANTAGE :-

1. Numerous types & variety of surface patterns for every application.
2. High quality raw material & best processes for excellent finished goods.
3. Great advantage on Cost/Quality analysis. We offer good quality at most competitive prices.
4. 100 % manufacturing in India, enables fastest delivery times & patient hearing for new developments.
5. Special customization for bulk requirements

ROLLER COVERING INSTALLATION INSTRUCTIONS :-

1. Roller should be cleaned with a solvent to remove dust, rust, oil etc from the surface.
2. Roller surface should be dry before putting a thin layer of recommended adhesive on the surface of the roll.
3. After the recommended drying time start winding roller covering spirally, edge to edge. Maintain a constant pressure during mounting. You may also use a light hand hammer for pressing.
4. Any additional adhesive from joints should be cleaned using a solvent soaked brush or wipe.
5. Give adequate maturing time before using the roll as per instructions of the glue.
